

BEING A LITTLE NUTTY

Dr. C. Muralidara Kannan

Blessed be those –a little nutty.
pretty or witty
always better to be
a little nutty.

Desire not to be
a perfect-cut
happier is the tree
that's a little bent.

No.. No.. Why desire
to make a perfect circle?
Worry not dear
that's machine's work.

Speckless charm is
reckless storm.
Bounteous beauty invites
abysmal calamity.

Pure white milk is
a slow and silent killer.
Murky coffee or tea
preserves your life spree and free.

Aha.. Darling little distortion,
Count not anymore depression
Fear not any rejection
Save wrong acceptance.

Planets powerful, stars sparkling
Plead not perfection.
Amazingly agile animals and azure winds
act not in completion

Man or woman priding
extraordinary intelligence
cannot be friends;
never make good life-partner.

Lucky, the lord made you
a little nutty ...for
Nutties love long...Yes.
Mirthfully live long.
